## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance:

The submitted drawing has been accepted by Examiner, the objection to the drawing under 37 CFR 1.81 has been withdrawn.

2. Claims 1-11 have been amended no new matter has been added.

The prior art of the record in particular **Janutka'067** does not teach or suggest a supporting structure for a linear motor including inter alia , an armature which moves only at right angles to the axial direction and which has a magnetically active part whose movement path passes through an air gap within a core , which passes through the first coil and passes one end face of the core , , with the magnetically active part being demagnetized in such a manner that the magnetic flux runs parallel to the axial direction but in the opposite direction, within the magnetically active part, wherein the magnetically active part can be positioned permanently in a first and second limit position and can be moved from a the first limit position to and further comprising a yoke body which is arranged outside the coils second limit position by a current.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
